# THE WEEKEND AFTER LOCKDOWN ENDS, WE MUST TAKE BACK THE STREETS OF LONDON AND HOLD THE TORIES TO ACCOUNT. WE MUST COME TOGETHER IN SORROW, GRIEF, AND ANGER.

*So the anti-elite have been revealed by Piers Morgan and the Daily Mail not to be the anti-elite after all. They are in fact the elite. As Private Eye used to say: "shurely shum mishtake."*

It turns out that the Maoist sounding "Two working classes theory" is bollocks and thankfully it's now consigned to the dustbin of history. There is no Northern working class with separate interests

from the Southern working class. Thatcher did her damned best to convince otherwise but the con artists that followed had no belief in it.

They simply swindled the election and waited to be found out. Covid has done that quicker than we imagined. The slogans are everywhere: One law for them another law for us. Cummings house under attack: One law for them another war for us.

The mood may pass – even return again as some new political quack appears with snake oil answers.

We must seize the time.

We must organise a vast poll-tax style action in London. Opportunity for the relatives and friends of the (probable) 60,000 dead to come together in sorrow and anger. And anger is not a dirty word but the correct response to this mass murder.

We will have speeches from everyone who wants to speak.

Let it go into the night and beyond. And let us name the guilty.

When?  
We think the weekend after lockdown ends.

So spread the word

**WE ARE CLASS WAR.**

# BRILLIANT INIT?

I'm still out working all the time and as a binman I service approximately 3000 bins per shift. That's approximately 2000 separate households per day and over 4 shifts 8000 potential places of infection for me. I go to work and to my local shop for essentials then I sit in the house. Who the fuck do these people think they are? I'm fucking spitting fire and wondering when the fuck are we going to stop them.

Still think they represent you?

**FUCK OFF GOOD AND PROPER!**

**GO TAKE A FUCK TO YOURSELF  
YOU'LL NEVER GOVERN ME  
SHOVE YOUR FUCKING POLITICS  
YOU WON'T MAKE ME BELIEVE  
I'M NOT A FUCKING PUPPET  
DANCING ON A STRING  
SO YOU CAN FUCKING SHOVE IT  
RIGHT UP YOUR FUCKING RING  
FUCK YOU AND YOUR POLITICS  
I WON'T PLAY YOUR FUCKING GAME  
I'M NOT A FUCKING IMBECILE  
I'VE GOT A FUCKING BRAIN  
I CAN SEE RIGHT THROUGH YOU  
COS I'M NOT FUCKING BLIND  
I'M NOT A FUCKING MORON  
I'VE GOT A FUCKING MIND  
SO TAKE YOUR FUCKING POLITICS  
RAM THEM UP YOUR ARSE  
AND PLUG THE HOLE WITH A PINT OR TWO  
OF MOLTEN FUCKING GLASS  
THERE'S NOTHING THAT YOU OFFER  
THAT'S OF INTEREST TO ME  
SO FUCK OFF GOOD AND PROPER  
AND LEAVE ME FUCKING BE  
DO YOU GET THE FUCKING MESSAGE?  
DID I SAY IT LOUD AND CLEAR?  
DID YOU NOT FUCKING LISTEN?**

**WE DON'T DO POLITICS HERE!**

*Quirk!*

# THE CUMMINGS & THE GOINGS

*Very rudely late for his press interview in 10 Downing street's Rose garden Cummings remained stolidly without regret, his were "exceptional circumstances" ofcourse. He continually claimed because he has a small child as though no other member of the British public could also factually say as much.*

What a Cunt, as well as thinking his position as an unelected advisor to clown-mopped Johnson is indispensable he is seen to have a personality trait makes it impossible to apologise for being a piss taker. "I behaved reasonably and legally", and no I didn't offer to resign. Also my father's lands extend so far I can go for miles for a walk in the woods encountering just a way off sniff of the filthy plebs.

None of us can know for sure what went on in the desperate prep for this interview, but his eventual entrance to the public stage in a pristine white shirt possibly chosen for it's symbolic purity fooled not one of us.

One minute his family are so important to him he needs to drive to Durham as of course childcare doesn't exist in London – next he's right devil may care getting his wife and child in the motor he decides best place to test wonky vision is on the road.

I think I can think of a million less risky ways – like pick up a dictionary and see if you can see the definition of contrition when you've been caught right in the act of one law for me and my cronies another for all the rest of the Nation's families.

**CLASS WAR DAILY** is the official daily newspaper of the working class action group Class War, founded in 1982. Accept no imitations! Class War Daily is the world's only daily anarchist newspaper. It is written by and for working class people.

**CLASS UNITY, CLASS PRIDE** – We know life is hard and the news is often shit but we're here to add some humour and make sure you're informed about what's really going on.

There might be a class war, and we might be losing it but we believe that the working class can fight back!

**BY ALL MEANS NECESSARY** – Class War believe that the working class should fight the rich and the rulers ourselves. We don't appeal for help from the Labour politicians or the big trade union bosses. We take action together, building confidence to act in our own interests.
